

# Biodentine™

The first and only dentin in a capsule

ACTIVE  
BIOSILICATE  
TECHNOLOGY

As the **first all-in-one** biocompatible and bioactive **dentin substitute**, Biodentine™ fully replaces dentin wherever it's damaged.

Biodentine™ helps the remineralization of dentin, preserves the pulp vitality and promotes pulp healing. It replaces dentin with similar biological and mechanical properties.

Improving on **Biodentine™** clinical implementation, you can now bond the composite onto Biodentine™ in the same visit and perform the **full restoration in a single session**.

To enjoy the clinical benefits of the first and only dentin in a capsule, ask your dental distributor for Biodentine™.
